

SECTIONAL DOORS | MODELS 3500/3550

Amarr®

DOOR WIDTHS TO 24' 2"

CLEARVIEW ALUMINUM STRUT SYSTEM

Model 3500 with custom stile arrangement.

Amarr's aluminum doors are constructed of 2" thick extruded aluminum rails and stiles and can be fitted with solid aluminum panels or a variety of full-view glass options. Perfect for automotive showrooms and repair centers, service stations, car washes, fire houses, restaurants, and sports complexes; our aluminum doors create a clean style for any facility. These doors can be mounted stationary or operative as a stylish alternative for al fresco situations.

NEW! The ClearView Aluminum Strut System provides added strength and durability to larger Model 3550 door sizes up to 24' 2", without restricting the viewing area.

Model 3500 with Aluminum top and bottom panels.

WARRANTIES
